### Summary:

*The world doesn't believe in the second coming of Jesus Christ; however, He **will** be back. Jesus predicted that scoffers would sneer about His return, and this is happening right now. In the midst of the violence, chaos, hate, and deception that has ratcheted up dramatically all around the world, the doubters who smirk about Jesus' arrival have no idea what is about to happen. Genuinely believing that He'll return shortly enables us to live godly lives so that we'll be prepared to see Him when He arrives.*

### Notes:

1. The world neither accepts nor believes in the second coming of Jesus; He *will* return. Non-Christians will find it hard to believe we're living in the last days; however, it's clearly explained in the Bible.
2. We're now seeing the physical indications that Christ will be back, such as repeated extreme natural phenomena and unexpected outbursts of violence and destruction.
3. What's happening globally must take place. These are prophecies coming to pass.
4. Jesus will return in three unmistakable ways: visibly, audibly, and literally. We'll all see and hear Him, and He'll descend back to earth the way He ascended into heaven.
